SHIRAS V M

WEB DEVELOPER

Dubai, UAE | +971 50 721 8123 | shiras.vm@gmail.com
linkedin.com/in/shiras-vm | github.com/shiras-v-m | shiras.dev

PROFESSIONAL SUMMARY

Web developer with professional experience building responsive websites and web applications using React, Next.js, JavaScript, HTML, CSS, and Bootstrap, with additional full-stack experience across Node.js, Express, and MongoDB. Experienced in translating designs into responsive interfaces, integrating REST APIs, debugging production issues, and improving usability and performance. Currently developing independent projects including CarAlert and the SocialSouq agency website.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Tailwind CSS, jQuery
UI & Responsive Design: Responsive layouts, Flexbox, CSS Grid, media queries, reusable components, Figma-to-code
State & Integration: Context API, Redux, REST APIs, API integration, routing, form handling
Backend & Data: Node.js, Express.js, MongoDB, PostgreSQL, MySQL, Supabase
Tools & Quality: Git, GitHub, Postman, VS Code, browser debugging, performance optimization, basic Selenium UI testing

SELECTED PROJECTS

CarAlert — QR-Based Vehicle Alert Platform | https://caralert-ani.vercel.app

Tech: Next.js, React, Supabase, JavaScript, CSS, PWA / mobile app tooling

- Developed a QR-based workflow that lets guests identify a vehicle and send an alert to its owner without displaying the owner's phone number by default.
- Built responsive guest, owner and admin interfaces featuring owner registration and approval, vehicle management, QR code management, and alert history.
- Implemented privacy-focused in-app voice calling using Agora, alongside optional call and WhatsApp contact features controlled by owner settings.
- Integrated authentication, database operations, public QR lookup, alert submission, and push notifications across web and mobile app experiments.

SocialSouq — Digital Marketing Agency Website | https://socialsouq.agency

Tech: Next.js, React, JavaScript, CSS, responsive UI, SEO

- Built a one-page agency website presenting services including photoshoots, reels, social media management, content creation, and website development.
- Worked on responsive page structure, service presentation, and search-engine optimization improvements.
- Added or planned technical SEO elements include sitemap and structured data.

PROFESSIONAL EXPERIENCE

IT Support Specialist | *Majestic City Retreat Hotel — Dubai, UAE*

Jun 2025 – Present

- Troubleshot application, operating-system , hardware, and user issues through structured diagnosis and problem-solving.
- Support business-critical systems and coordinate fixes with vendors and internal teams.
- Document technical issues and resolutions to improve support efficiency and end-user experience.

Web Developer | *SlipStream Marketing Agency — Dubai, UAE*

Nov 2023 – Jan 2025

- Developed and maintained responsive websites and web applications using React, JavaScript, HTML5, CSS3, and Bootstrap.
- Converted Figma designs into responsive web pages and reusable UI components, ensuring consistent layouts across desktop and mobile devices.
- Integrated REST APIs and implemented interactive components, client-side routing, and state management.
- Worked with Node.js and Express.js to build or connect backend endpoints and third-party services.
- Maintained WordPress sites, handled content and theme customizations, and resolved website issues.
- Improved page performance and user experience through debugging, image lazy-loading, and front-end optimization.

Associate Software Engineer | *Luminar Technolab — Kerala, India*

Dec 2022 – Oct 2023

- Built and updated front-end and back-end components using JavaScript, React, Angular, Node.js, and MongoDB.
- Assisted with REST API development and database integration for web applications.
- Used Git for version control and collaborated with team members in an Agile development workflow.

EDUCATION & CERTIFICATIONS

B.Tech, Computer Science and Engineering | APJ Abdul Kalam Technological University, Kerala, India | 2018–2022
Certifications: MERN Stack Development | Selenium WebDriver with Python
